# WHAT'S UP IN CM1?

NEWS FROM THE CM1 ENGLISH CLASS

FEBRUARY 2021 • ISSUE 3

## WHAT'S INSIDE

Daily Routine: What does the CM1 class do everyday?

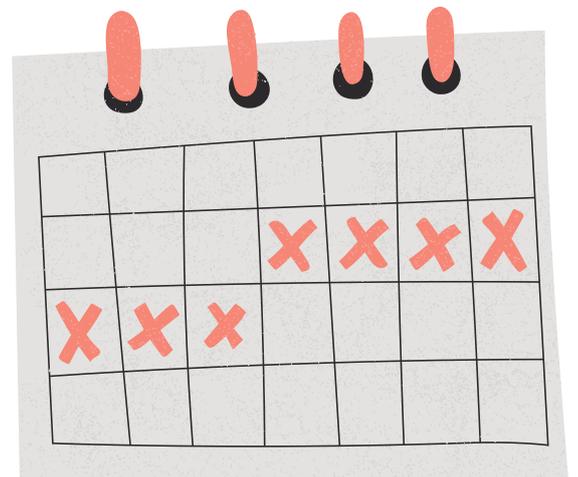

Natural Phenomena: How do volcanos erupt?

What are your New Year's Resolution?

## DAILY ROUTINE

WRITTEN AND ILLUSTRATED BY: ARTHUR V.

What is a daily routine? A daily routine is an activity you do everyday like going to school or eating lunch. I asked my class and everyone told me that they go to bed between eight o'clock and ten o'clock. When it is not in the daily routine, it is a free time activity. For the activities, in my group, the most practiced activities are football and horse riding. I interviewed Alissa A. and she said that her favorite activity is horse riding. I also asked Sohan H. and he said that his favorite activities are football and tennis.

# New Year's Resolutions

## WHAT ARE YOUR 2022 RESOLUTIONS?

BY ALISSA A. AND CHARLOTTE C.

Today we are going to talk about New Year's resolution. A new years resolution is a promise that you make for example : to be better at school .

Here are examples of New Year's resolutions from our friends:

Bianca: wants to be better at sports

Violette: be better at school

Safiya: be nicer

Arthur: do more sports

Alexandre: be better at football

Manon: to eat less sweets

What are your New Year's resolutions?

## NATURAL PHENOMENA TIME FOR QUESTIONS

## QUESTIONS ABOUT NATURAL PHENOMENA

SOHAN H., ROMAN B., ALEXANDRE G., NEAL B.

What are volcanos ? Volcanos are mountains that open down into the earth to a pool of molten rock called magma .

What causes a tsunami ? A tsunami is caused by a water moving, sometimes because of an earthquake or a volcano. It can also be caused by an underwater landslide or meteorite.

What to do in an earthquake ? If you are inside, hide under a table or a bench. Hold on to it and if it moves, move with it. Stay away from windows, bookcases, hanging objects or tall, heavy furniture. If you are outside, stay away from tall building, street lamps and electricity lines.
