## UNITED STATES GEOGRAPHY

BY TEACHER IVONNE VIARNAUD

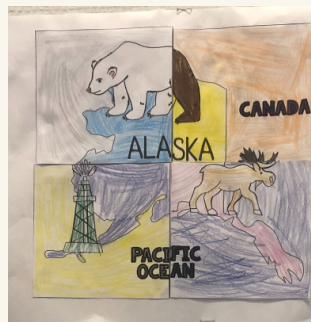

In period 1, the first year SIA class learned about the geography of the United States. They learned about the states, capitals, as well as Washington D.C., the United States capital. To consolidate their studies, the class collaborated on a coloring poster of the USA.

SHOW AND TELL

# THE US STATES

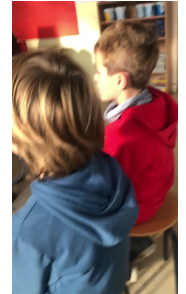

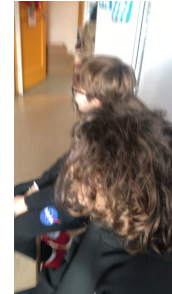

BY TEACHER IVONNE VIARNAUD

What better way to learn the USA state names than by singing about them? Click on the audio below to listen to our first year SIA students sing the state names using some familiar tunes.

# USA ROAD TRIP

BY TEACHER IVONNE VIARNAUD

Year 2 SIA students made a "My USA Roadtrip" where they created an itinerary for a road trip around several USA locations of their choice. They first researched interesting sites and then created a presentation to explain what locations they would like to visit and why.

# AMERICAN HISTORY

BY TEACHER IVONNE VIARNAUD

In period two, the first year SIA group studied American historical periods. Each group researched a timeline and key events within that moment in American history, starting with the Pre-Columbian era until the present modern day era. To consolidate their learning they created a timeline frieze.
